Independent Auditor's Report

To the Members of
Tsleil-Waututh Nation

We have audited the accompanying consolidated financial statements of Tsleil-Waututh Nation, which comprise the consolidated statement of financial position as at March 31, 2016, and the consolidated statements of operations, accumulated surplus, change in net financial assets, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

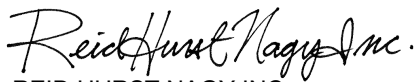

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the First Nation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Tsleil-Waututh Nation as at March 31, 2016, and the results of its operations, the changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2016

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the CPA Canada.

(a) Reporting Entity

The Tsleil-Waututh Nation reporting entity includes the Tsleil-Waututh Nation government and all related entities that are controlled by the First Nation.

(b) Fund Accounting

The Tsleil-Waututh Nation maintains the following funds and reserves as part of its operations:

- The Operating Fund which reports the general activities of the First Nation administration.
- The Capital Fund which reports the tangible capital assets of the First Nation not included in other funds, together with their related activities.
- The Social Housing Fund which reports on the social housing assets of the First Nation together with their related activities.
- The Trust Fund which reports on trust funds owned by the First Nation and held by third parties.
- The Enterprise Fund which reports the First Nation's investment in self-supporting commercial entities.
- Tsleil-Waututh Nation Negotiation Support/Agreement Fund which reports the First Nation's treaty negotiation and support activities.

(c) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

(d) Segments

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance. For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

(e) Principles of Consolidation

All controlled entities are fully consolidated on a line-by-line basis except for the commercial enterprises which meet the definition of government business enterprises, which are included in the Consolidated Statements on a modified equity basis. Inter-organizational balances are eliminated upon consolidation, however, to present the results of operations for each specific fund, transactions amongst the funds have not necessarily been eliminated on the Consolidated Statement of Operations.

Under the modified equity method of accounting, only Tsleil-Waututh Nation's investment in the government business enterprises and the enterprises' net income and other changes in equity are recorded. No adjustment is made for accounting policies of the enterprises that are different from those of Tsleil-Waututh Nation.

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Loans Receivable

Loans receivable are recorded at cost less any amount for valuation allowance. Valuation allowances are made when collection is in doubt as assessed by management. Loans are reviewed on an annual basis by management. Interest income is accrued on loans receivable to the extent it is deemed collectable.

(h) Long-term Debt

Proceeds from long-term debt are recorded as program revenue. Payments of principal and interest are treated as program expenditures. Long-term debt is recorded as a liability on the Statement of Financial Position. Reductions of long-term debt are offset with an increase to Equity in Tangible Capital Assets.

(i) Tangible Capital Assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the tangible capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and Tsleil-Waututh Nation's incremental cost of borrowing.

Amortization is provided for on a straight-line basis over their estimated useful lives as follows:

Automotive equipment	4-10 years Straight line
Buildings*	20-40 years Straight line
Enterprise	4-10 years Straight line
Equipment	4-10 years Straight line
Infrastructure	25 years Straight line
Roads	20-80 years Straight line

*Social Housing assets acquired under C.M.H.C. sponsored housing programs are being depreciated at a rate equal to the principal reduction on the mortgage of the assets.

Tangible capital assets are written down when conditions indicate that they no longer contribute to Tsleil-Waututh Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(j) Replacement Reserve

The Replacement Reserve is funded by an annual charge against earnings as opposed to an appropriation of surplus.

(k) Budget

The budget reported in the financial statements was provided by management and is unaudited.

(l) Surplus Recoveries and Deficit Funding

Under the terms of funding arrangements, remaining surpluses of certain programs may be recovered by the funding agency, and remaining deficits may be funded by the funding agency.

(m) Internal charges and transfers

The central administration office provides services to other program areas. To recognize the cost of these services a corresponding revenue and expense is recorded and referred to as "Administration fees."

2. ECONOMIC DEPENDENCE

Tsleil-Waututh Nation receives a significant portion of its revenue pursuant to an agreement referred to as "The Comprehensive Funding Arrangement". This agreement has been entered into by Tsleil-Waututh Nation and Indigenous and Northern Affairs Canada. It is expected that the agreement will be renewed on an annual basis.

The First Nation also receives major funding pursuant to an arrangement with the First Nations Health Authority and under which certain surpluses and deficits may be offset, but with the net balance repayable or refundable as the case may be.
